Don't let our \$2.00 SHOE escape you. It is the thing to wear and the time to wear it. We call it the ideal summer shoe and so will you if you try it. You will get more comfort out of it in the square foot than out of any other shoe in the square foot, and talking of the square foot, it does the square thing by the foot. It isn't any exaggeration to say that its cheapness is phenomenal. Every consideration of economy justifies its purchase and every consideration of comfort justifies its use. We never recommended a shoe that will do more to recommend itself. It won't try you much to try it.

Colored Odd Fellows.

Wheeling Patriarchy No. 28, Grand United Order of Odd Fellows sent up eighteen men to Pittsburgh on the Fourth to attend the ceremonies attendant to the reception of Hon. Richard Hillmole, of England, grand master of the world, of the order. T. H. Lewis was in command, and the delegation created a favorable impression at Pittsburgh.

Licensed to Wed.

Clerk Hook yesterday issued marriage licenses to the following named parties:

Charles Edahl, aged 36, and Caroline Louise Henrietta Bröning, aged 33, both of this city.

Sudden Death at Bellairs.

Last evening Henry J. Muhleman died at his home at Bellairs. He was taken sick on Tuesday with something like cholera morbus, and became steadily worse until death resulted. He was formerly auditor of Monroe county, and moved to Bellairs with his family when his term expired. He was a brother of Ed Muhleman, of the Bridgeport glass works, and of Dr. Muhleman, of Bellairs.

A New Architects' Combination.

As will be seen in the advertising columns, the well known architects, L. W. Henshaw and Charles P. Hamilton, have formed a partnership in their business.

Mr. Henshaw is well and favorably known to many citizens, and has had charge of some very important work lately. He has a large and varied experience in this country and Germany, his native land. Mr. Hamilton is very well known in this and surrounding communities, having been born and raised hereabouts, and he has been closely connected with building operations for many years.

The combination starts out with very bright prospects. Among the work on his boards is a fine residence for Mr. Joseph C. Brady, at Pleasant Valley, this county; a large three-story business block at Waynesburg, Pa.; a large hotel at Somerset, Pa.; the improvements to the Arion building; the Lange work; residences for Dr. Stathers, Mrs. Byrne and others, with prospects for a fair season's work.

A LADY, whose hair came out with every combing, was induced to give Ayer's Hair Vigor a faithful trial. She did so, and not only was the loss of hair checked, but a new and vigorous growth soon succeeded that which had gone.

THE HUM OF INDUSTRY.

LaBelle and Riverside Mills Resume Active Operation.

ALL OF THE PUDDLING FURNACES

At the LaBelle Went on Yesterday at Noon and the Steel Works, Plate Mill and Tube Works at the Riverside Plant in Benwood Go to Work Again—Hope of Steady Employment is Expressed.

Yesterday at noon the twenty-three puddling furnaces at the LaBelle iron works on the South Side, at Caldwell's run, were put in operation after a shut-down that has continued since nearly one year ago. Over 150 men find employment there on day and night turns and the hope is expressed that the run at this mill will be a long one. The men who were formerly employed at the LaBelle furnaces, during their long lay-off, had in many instances found temporary occupation at other vocations and others were working in mills in this neighborhood. Nearly all of the old men, however, went to work again yesterday. The other departments at this mill are expected to resume shortly. Another industrial resumption of not less importance to the community took place at the Riverside Iron and Steel Company's immense works in upper Benwood. After a shut-down lasting several weeks the men employed in the steel works to the number of over 200 resumed work yesterday morning. The tube workers and plate mill men also resumed last evening, to the number of about 300.

The resumption of work at these plants caused general rejoicing on the South Side yesterday, a section of the city that has felt the industrial depression to a greater degree than any other.

"My little boy was very bad off for two months with diarrhea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhea or colic medicine."—J. E. Hare, Trenton, Texas.

Great Suit Sale.

If there was ever a time when we disregarded every law of profitable merchandizing it's now. We've weighed the season's business in the balance, casting out every lot that is broken, every line that is incomplete, every stitch of stock that should have been sold, things that you can wear now, but that'll have no place under our roof at the season's close. Rare bits of value for small purses to feast on; dainty morsels of quality that will deck you out in the fashion of the hour.

Prices That Are Profitless!

Nor yet mere remnants of the cost. We're not mealy mouthed about it. They are goods WE WANT TO SELL, MUST SELL, and our determination to sell is in every cringing, shrunken price that'll mark the march of our unrelenting, uncompromising, unhesitating slaughter of values. So here goes for this week over four hundred Men's Suits that were \$16 00, \$15 00, \$13 00 and \$12 00, any day this week your pick
